Fall is here and S.P.A.C.E. in Medical Education is growing with the seasons. We held our FIRST meeting and professional development session and man what a treat! As we continue to grow and develop, we want to hear from our membership on how we can better engage and serve the group. In upcoming weeks, we will be sending out a survey to membership for your ideas, thoughts and suggestions on what S.P.A.C.E. can offer in the future. Until then, please feel free to reach out to anyone on the membership team.

We also would like to take this time to welcome our new member of the leadership team, Amy Hall! Please take a look at the announcement on page 2.

Thank you ALL for your continued support to make S.P.A.C.E a success!

UPCOMING EVENTS

Academic medicine in particular has faced unprecedented challenges during 2020, making the need for our community to meet and learn from each other greater than it has ever before been. To allow us to gather while ensuring the health and safety of attendees, this year's signature event in academic medicine will take place virtually.

Date: November 16-18, 2020
